WAYS TO GIVE BACK & ENGAGE:

Care Packages for Kids

– We pair groups and churches with our sponsored centers to provide nutritious weekend care packages throughout the year with an invitation to attend a program or join their church as well as nutrition education information provided by Cornerstone.

Cooking with Kids

– We take produce from our Community Garden @ Ybor to childcare centers and schools to teach children about where food comes from, how it grows and how it fuels their bodies. Recipes and take-home produce is given to students with an invitation to come visit our community garden in Ybor City.
