

WHO BENEFITS FROM YOUR SPONSORSHIP?

Cornerstone Family Ministries serves over 17,000 children throughout the Tampa Bay Area. For over 130 years, we have provided safe spaces and high quality child care and enriching learning environments for economically disadvantaged children and their families. Your contribution will provide early learning scholarships for these children so they are school ready and on track as they and their families earn and learn their way out of poverty.

Our goal is to raise \$150,000 in early learning scholarship funds as we continue nourishing bodies, developing minds, and fostering hope one child at a time.

DID YOU KNOW?

A quality full-day childcare program for an infant to school-aged child costs between \$7,500-\$12,000/year.

Going to school and/or work is key to finding a successful pathway out of poverty. For all working parents, childcare is essential, especially for those living in poverty. Statistically, children living in poverty start school 12-18 months behind their peers. This makes early childhood education and continued summer enrichment even more important. Children attending Cornerstone's Rosa Valdez Center enter kindergarten on target or ahead of their peers!

Unfortunately, for working poor parents who do not qualify for government childcare vouchers, childcare is unaffordable. Thanks to this event, Cornerstone is able to provide sliding scale scholarships to keep these parents earning and learning while providing their children with safe quality child care and an early learning environment – setting the whole family on a path to a brighter future!
